**Commentary**

Purchase of Goods

Increased fuel costs may result in the fuel expense exceeding budget. Fuel was budgeted at \$1.00 a litre. The average cost from January to June has been 96¢ a litre. For July, the average cost for fuel was \$1.07 a litre. Fuel prices have been trending up. The department is working at managing this variance to stay within the budget.

Financial and Transfers

Financial and transfers are high due to contribution to capital and reserves booked at 100%.

Revenue

Revenue is below budget at this time due to the timing of Provincial grants.

In addition, due to COVID-19 restrictions in the first half of the year, there is an anticipated shortfall in clearance letter revenue as many of the schools and community groups had not resumed their activities. The department will monitor this and report any significant variances in the third quarter.
